

Super Nutrients for the Prostate*

Quantum Prostate Complex

Dietary Supplement

*Super Nutrients For Superior Prostate Health**

**More Potent
Than Ever**

Super Stars for the Prostate

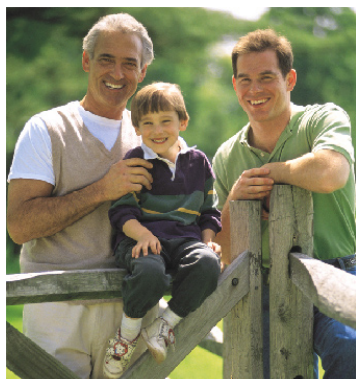

Premier Prostate Phytonutrients
with Quantum Synergism

- **The Best of the Prostate Boosters**
 - **The Best of the Prostate Cleansers**
- | | |
|--------------------------------|--|
| • Resveratrol (natural source) | • European Saw Palmetto |
| • Stabilized Alicin | • Maitake Mycelial Extract |
| • DIM (Diindolylmethane) | • IP ₆ (Inositol Hexaphosphate) |
| • Quercetin | • European Lycopene
(Nonhybrid tomato source) |
| • Nattokinase Enzymes | • European Asparagus |
| • Non-GMO Isoflavones | • South American Stinging
Nettle |
| • Grade 10 Indian Turmeric | |
| • African Pygeum Africanum | |
- European Plant Sterols, including Beta-Sitosterol

The Quantum Effect

The form of every cell in your body is now known to be a crystalline matrix which has its own ideal resonant frequency. The only way each cell can achieve its ideal cellular resonance is by consuming "live source" nutrients that are "quantum-state quality" (exquisitely well-grown and 100% toxin-free). Only quantum-state quality nutrients can produce ideal cellular resonance.

When quantum-state quality phytonutrients are combined together synergistically, their effect is far greater than the sum of their individual benefits, by a factor of 2 to 100-fold or more. This amazing logarithmic effect is "the Quantum Effect," a primary force to help you sustain or regain great health.

The Source Is Everything!

Value Your Prostate!

Be pro-active, not re-active! Start boosting your prostate health today with truly synergistic Super Star nutrients.

100% Pure Vegetable Capsules

No risk of prion contamination from beef gelatin capsules; no tablets which contain undisclosed binders, fillers and glues.

Quantum-state Quality

The very best source of all prostate super-nutrients in a single capsule.

*THIS STATEMENT HAS NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.

Resveratrol (Natural source)

- **Serious immune support:** Resveratrol has a wide range of immune-boosting properties; it does not damage healthy cells, but protects them while deactivating undesirable cells by controlling acetylation/deacetylation reactions*
- **Anti-aging and long life:** Proven to activate the "longevity gene" to help extend maximum lifespan; one study showed an incredible 60- 80% increased lifespan in yeast cells*
- **Reversing DNA mistakes:** Proven to reduce the amount of DNA mistakes during cell replication by an unprecedented 60%, thus promoting more efficient cellular repair and significantly prolonging cell life*

Stabilized Allicin (a PRL exclusive)

- The most powerful (but elusive) compound found in garlic, now stabilized for the first time in history by a breakthrough patented process
- Spectacular, broad spectrum, immune-specific support, especially for the prostate, urinary tract and gastrointestinal tract*
- Premier, one-of-a-kind, living source extract with high capacity for biofilm destruction and para-cleansing

DIM (Diindolylmethane)

- A special phytonutrient produced in the body from indole-3-carbinol (I3C) that occurs naturally in cruciferous vegetables (such as broccoli, cabbage, cauliflower, etc.)
- Clinically promising effects for hormonal imbalances, heart, breast, prostate and uterine health*
- Promotes healthy estrogen metabolism, thus helping to improve symptoms of menopause and PMS*
- Proven to help shift the ratio of estrogen metabolites in favor of the more protective "good" estrogens (2-hydroxy metabolites)*
- Helps stimulate progesterone production while helping to reduce the conversion of testosterone to estrogen*

Nattokinase Enzymes (from Cert. Organic Natto Concentrate)

- Natto is a traditional Japanese Super Food made by fermenting non-genetically modified soybeans with Natto Bacillus; widely known as an ancient health food, rich in nattokinase enzymes*
- Rich in protein, natural-source B vitamins, linoleic acid (an essential fat), arginine (an immune booster) and natural vitamin E*
- Nattokinase enzymes promote healthy arteries and circulation by their effects on serine protease-mediated digestion of fibrin*
- Supports fibrinolytic activity and heart health*

European Plant Sterols, Including Beta-Sitosterol

- 100% pure European plant sterols, including beta-sitosterol and synergistic sigma sterols
- Super-active sterols with strong immune-modulating activity for a healthy immune system*
- Research studies demonstrate their superior support for prostate and immune health* Not a sterol source that is contaminated, toxic, solvent-extracted or single sterols (no synergism)

IP6 (Inositol Hexaphosphate)

- A special immune-boosting phytonutrient concentrated from rice*
 - Proven studies show its amazing ability to boost the immune system and promote healthy prostate function*
- Free of solvents, pesticides and toxic chemicals

Non-GMO Isoflavones (Premier Asian source)

- A specially fermented, premier, isoflavone concentrate, meticulously manufactured from non-chemically treated, non-genetically engineered soy, absolutely solvent-free
- Contains a whopping 44% isoflavones verified by HPLC (compared to ordinary soy with only 1 or 2%)

- Contains a special bonding compound that helps maintain superb prostate health*
- Powerful support for a healthy digestive tract, immune system and prostate* American soy sources are often genetically engineered, overly burned, toxic or solvent-extracted.

African Pygeum Africanum

- Grade 10, African-grown, pesticide/toxic chemical free
 - Supports bladder health and proper urinary flow*
 - Helps balance prostate prostaglandin synthesis*
- Not a hybrid or a poorly grown, pesticided American source

European Saw Palmetto

- Grade 10, European-grown, pesticide/chemical free
- Helps maintain a healthy bladder, urethra and prostate*
- Helps inhibit DHT (dihydrotestosterone) which may cause abnormal cells to multiply and is linked to male hair loss*
- Helps inhibit testosterone 5-alpha reductase, an enzyme that causes additional DHT production*
- Supports the reduction of oxygen radical stress at the prostate* Not a hybrid or a poorly grown, pesticided American source

Maitake Mycelial Extract (Premier Asian source)

- Superior fermented form; far more biologically active for full bioavailability
- Proven support for the immune system and longevity*
- Promotes a healthy urinary tract, liver and prostate*
- Rich in Beta-1, 6-glucan, proven effective in enhancing the immune system* Other extracts are often poorly grown, difficult to digest or burned

European Lycopene (Nonhybrid tomato source)

- A famous phytonutrient naturally occurring in grade 10, premier European tomatoes, pesticide/chemical-free
 - Currently making worldwide news as a super-nutrient for immune system and prostate health*
- Not a hybrid or a pesticided, toxic GMO American source

European, Nonhybrid Asparagus

- A specially grown, premier quality South American asparagus concentrate, 100% pesticide/chemical-free
 - Contains potent phytonutrients, such as asparagene, to promote healthy kidneys, prostate and urinary tract*
- Not a hybrid or a poorly grown, pesticided American source

South American Stinging Nettle

- Grade 10, South American grown; pesticide/chemical free
 - Promotes improved urinary flow and function*
 - Supports healthy blood development and prostate function*
- Not a hybrid or a poorly grown American source

Superior Synergistic Support Nutrients

- Grade 10 Indian Turmeric: World-class DNA repair and liver cleanser*
- Quercetin: A unique bioflavonoid with powerful antioxidant, immune-stimulating properties, shown critical to protect resveratrol from degradation*

Recommended Use

Adults or children (age 4 and up): Take 1 Vcap, 3 times daily. For special programs, up to 12 servings may be taken daily. For stubborn prostate, bladder or urinary tract cases, also use **Q. Multi-Pollen Extract** and **Alli-Supreme™**.
