

Superior Gastrointestinal Support*

Intestinal Nano-Detox™

A Premier Botanical Supplement

Nanized Botanical Concentrate

Quantum-State Gastrointestinal and Blood Support*

Key Benefits

- Promotes optimal gastrointestinal health and cleansing, including stomach, intestines, liver and digestion*
- Rich in quantum-state selenium, facilitating an unparalleled shift in tissue selenium
- Contains chalcones, special phytonutrients for immune system support and DNA rejuvenation*
- Rich in chlorophyll and natural vitamin B12, key factors for blood, memory and nervous system health*

The Nanization Process

Micro-digested Botanicals for
Spectacular Clinical Success

Our grade A botanical complexes are micro-digested into extremely small, highly bio-available particles using our proprietary fermentation process. We use unique, potent multi-strain probiotic colonies to assist in our "nanization" process.

This allows rapid, unmatched bio-available cellular delivery of the active factors, unlike any other product. Many people can feel the effect of this product *the very first time* they take it.

Recommended Use

Adults or children (age 4 and up): Take 1/2 teaspoon mixed in water, 2 times daily.

Intestinal Nano-Detox™ - Ingredients

A Primary Botanical Supplement
8 fl oz (237 ml/bottle)

Proprietary Quantum-State Blend:

Nano-Complexes: Nanized Chlorella (broken cell wall) (whole) (*C. pyrenoidosa*), Hachi Jo Ashitaba (whole) (*Angelica Keiskei koidzmi*), Noni (fruit, seed) (*Morinda citrifolia*), Hyssop (aerial) (*Hyssopus officinalis*), Cat's Claw (root bark) (*Uncaria tomentosa*), Turmeric (rhizome) (*C. longa*), Fennel (seed) (*Foeniculum vulgare*), Cascara Sagrada (bark), Senna Leaf (*Cassia spp.*), Thyme (leaf) (*Thymus vulg.*), Black Seed (*Nigella sat.*)

Nano-Flora Complex: nanized enzymes, complex cell wall lysates and ferments from 12 strains of beneficial bacteria: Lactobacillus (including casei, acidophilus, salivarius, bulgaricus, sporogones and plantarum), Bifidobacterium including longum and bifidum, streptococcus thermophilus, providing naturally occurring vitamins (10 types), including B complex, minerals (8 types), amino acids (18 types), superoxide dismutase, lipoic acid, organic acids (includes acetic, formic acids), cell wall lipopolysaccharide-glycopeptide complexes

Natural Preservative: Certified organic grain neutral spirits 20% as a preservative.
