

Healthy Urinary Tract Support*

UT Formula One

A Premier Dietary Supplement

Promotes Urinary Tract Health*

Key Benefits

- 100% effective for recurrent bladder issues*
- Highest concentration of proanthocyanidins ever achieved!*
- In case studies, EVERY person who took one capsule of UT Formula One each day responded to the study.*

*“Finally - a urinary tract formula that specifically targets and resolves ongoing urinary tract concerns at its core level. UT Formula One hits directly to the core of the issue by supporting the healthy balance of urinary tract bacteria, urinary tract pH and biofilm elimination. * The urogenital tract (which consists of the urinary and genital tracts) is second only to the colon in the number of bacterial residents.*

When the healthy bacterial population is eliminated or unbalanced, yeast and unwanted bacteria can become overgrown. Rapidly changing the environment of the urinary tract by targeted nutrition can immediately change the bacterial numbers and response.

I have had great success with this formula in people with ongoing urinary concerns where many other interventions failed. In one recent study using the same amount of cranberry proanthocyanidins as this formula, 100% of the participants experienced complete urinary relief. I think you'll find this formula to be a great ace in your arsenal of nutritional superstars.”

— Robert J. Marshall, PhD, CCN, DACBN

Recommended Use

Take 1 capsule once daily for maintenance of optimal urinary tract (UT) health.* Take 2 capsules daily during active UT issues or as directed by your health practitioner.

UT Formula One: Ingredients

30 Vcaps (500mg/Vcap)

Proprietary, Quantum-State Blend: CranEx® (cranberry extract, whole berry), Uva Ursi (plant extract), Aloe Barbadensis (inner leaf extract)
