

Advanced Support Veins, Arteries & Circulation*

Invisi-Vein™

Effective, Anti-Aging Vascular Support
for Unsightly Vein Conditions*

*Do You Want
Young, Rejuvenated Skin
Without Spider Veins?*

What is Invisi-Vein™?

For over 30 years, a natural way to help reduce spider veins, varicose veins and other unsightly vein conditions has been the exclusive beauty secret of European women. This natural formula helps to reduce unsightly veins while strengthening venous tone and improving overall blood circulation in the legs.* Now this fabulous formula called Invisi-Vein™ is available in the U.S. for everyone.

Invisi-Vein™ combines two highly effective bioflavonoids, *diosmin* and *hesperidin*, for maximum capillary protection and skin rejuvenation – so you can enjoy healthy, smooth-looking legs again!*

Almost 50% of all American women eventually endure unsightly and even painful vein conditions that can start in their early years, often driving them to seek help. However, certain vein-stripping procedures can be costly as well as risky. Now, Invisi-Vein™, a unique dietary supplement formula, offers you a safe, natural option to protect and promote vascular health conveniently and without discomfort.*

Do you have ugly, unwanted spider veins?

If you have spider veins, varicose veins or other types of unsightly veins, you are not alone. It is estimated that about 1 in 10 Americans have unwanted leg vein conditions. Nearly 40 million people in the U. S. alone, including as many as 70% of women over the age of 60, have some degree of vein problems. And many men experience unsightly vein conditions as well.

Key Benefits

- A clinically proven nutritional formula to achieve and maintain optimal vein health and circulation, especially for the legs*
- Improve vein health by supporting vein wall tone, strength, and elasticity, as well as vein permeability*
- Get to the root cause of many vein conditions: inadequate antioxidant and nutritional support; now you can lavishly nourish your veins and arteries with Invisi-Vein™
- Provide lasting relief from problems associated with unsightly veins, including minor pain, aching and discomfort*
- Help improve the actual appearance of unsightly veins*
- Safe and effective – *no side effects*
- 100% pure vegetable capsules
No toxic tablets, glues or binders
- **Violite™ Protected:** Patent-pending dark violet bottle proven to block light between 450-720 nm, the range which damages nutrients

What is Diosmin?

The key ingredient of Invisi-Vein™ is the powerful citrus bioflavonoid compound, diosmin, a naturally occurring flavonoid glycoside similar in structure to hesperidin. It is derived from sweet oranges and has been clinically proven to be more effective in strengthening veins and aiding in circulation than butcher's broom or horse chestnut. Recommended for many years by doctors in Europe, diosmin has over three decades of efficacious use in supporting the body's healthy inflammatory processes and as a vascular protective agent for veins and arteries.

During their lives, most women develop some form of unwanted spider veins. Increased estrogen during pregnancy, oral contraception or hormone replacement therapy can cause blood to pool in the veins, causing venous stress. Other common triggers include poor lifestyle habits, weight gain, excessive sun exposure, hormonal shifts and sitting or standing for prolonged periods of time. Lack of exercise, an improper diet and regular air travel can also initiate vascular problems.

Diosmin has also been shown to reduce glycation (as measured by hemoglobin A1C levels) and raise levels of the critical antioxidant, glutathione. Diosmin protects capillary integrity by reducing permeability. Also, dios-

min supports vein elasticity by improving venous tone. These beneficial actions can result in an improvement in circulation and visible reduction of spider veins.

An Effective Combination

Double-blind, placebo-controlled studies have demonstrated that this proven flavonoid combination, diosmin and hesperidin, can significantly improve leg and foot health by addressing heaviness and restlessness in the legs, discomfort, heat sensations and night cramps. Published in the Journal of Vascular Research, an overview of major research studies on diosmin and hesperidin leaves no doubt about their ability to support and protect veins (*Struckmann, 1999*). Remarkably beneficial for people with vein concerns, diosmin and hesperidin were shown in one placebo-controlled study involving 120 individuals to reduce unwanted vein concerns practically to the "zero" point (*Ibegbuna, 1997*).

Powerful Vein-Supportive Nutrients

If you have leg, vein or circulation concerns, Invisi-Vein™ can provide a significant impact with its two proven, vein-enhancing nutrients, especially when used as a part of a total nutritional health plan.* Dramatic improvements may be experienced in the way your legs and feet feel!*

Ingredients (60 Vcaps; 550mg/Vcap)

Proprietary, Quantum-State Blend: Diosmin, Hesperidin (natural orange extract standardized to Hesperidin min. 97%), Pesticide-Free Bovine Colostrum

Recommended Use. Adults or children (age 4 and up): take 2 capsules daily for the first two months, then take 1 capsule daily thereafter.

"Finally, there is real help for the veins and arteries – a powerful, proven nutrient combination that really works. Just pinch an area of the skin with a vein or artery that is a problem, then ask your practitioner to test it by using QRA™ kinesiological testing. It will typically test weak. Then place 2 capsules of Invisi-Vein™ in your biofield (near your body) while still holding the problem area and ask your practitioner to retest the area. It will now typically test very strong. This means the formula is an exact match to the problem area. Imagine – an ounce of prevention and a pound of cure are separated by just a few capsules. It's definitely a practitioner favorite!"

- Dr. Bob Marshall, PhD, CCN, DACBN

Complimentary Products

The Super Food Trio

The Essential Nutrition Basics (Three product kit): Q. Coral Complex, Q. Greens Mix, Q. EFA Oil Blend

- The perfect comprehensive, quantum-state vitamin and mineral nutrient system, all from once-living, natural sources (*no synthetics*) which contain a "body of light"
- Recommended for daily use for every adult and child for ideal nutritional support*
- Contains significant amounts of *key nutrients* essential for life and optimal health; a clinically tested success*

CoQ-Quinol™

The Only Source of Fully Reduced CoQ-10

- **Nanized CoQ-10:** The *World's First* Stabilized, Fully Reduced, Living Source, High-Energy (*Unoxidized*) Ubiquinol (55mg per 1/4 tsp. serving) with Grade 10 Indian Turmeric (rhizome) (*Curcuma l.*)
- **Broad Clinical Support:** Supports a broad-spectrum of the body's organ/gland systems including the heart, circulation, brain, kidneys, nervous system, immune system and also delivers significant intracellular support*
- **Blood Pressure Support:** Provides exceptional support for healthy heart function and blood pressure already within the normal range, even in chronic cases*
