

Live-Source B Vitamins for Healthy Hormone Support, Digestion, Energy & More*

An Industry First

Introducing High-Potency, Live-Source B Vitamins

B1-ND™ • B2-ND™ • B6-ND™

“Welcome to the world’s first live-source, probiotic-generated B vitamins! Now you can get individual B vitamins in their premier, end-chain forms – **not the typical toxic B vitamins so commonly available that are from cheap, coal tar derivatives** (no, I’m not kidding!).

B vitamins are critically important for so many bodily functions - high energy levels, digestion, hormone balance, growth and much more. Now you can get the preferred vitamin B end-chain forms which are immediately ready for use by the cell.

I think you’ll love the clean, smooth effects of real, live-source B vitamins in all their active, coenzyme forms. ”

Dr. Robert J. Marshall

PhD, CCN, DACBN
CEO, Premier Research Labs

*Experience our new, live-source vitamin B products (B1, B2 and B6) in the preferred probiotic-generated, end-chain forms to meet all the body’s needs.**

The Quantum Nutrition Effect

When quantum-state quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: The Quantum Nutrition Effect. A **quantaceutical™** is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the Quantum Nutrition Effect to support optimal health.*

Ideal Cellular Resonance

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from “once living” sources can best sustain the ideal resonant frequency of your body’s cells.

Experience the Quantum difference!

B1-ND™

High Potency, Live-Source Vitamin B1

- A rich, live-source of Vitamin B1 via probiotic culturing
- B1 is essential for growth, reproduction, healthy skin, immunity, nails, hair, many phases of amino acid metabolism, bile acids, unsaturated fatty acids, hormones, nervous system, myelin sheath, vision, metabolism of protein, carbohydrates, fats and synthesis of adrenal hormones.*

B1-ND™ – Ingredients

A Quantaceutical™ Dietary Supplement
2 fl oz/bottle; Servings per container: about 24

1/2 teaspoon contains:

Thiamine (B1) 214 mg
as [Thiamine (60mg), Thiamine Phosphate (68mg), Thiamine Diphosphate (Cocarcboxylate; 86mg)]

Proprietary Blend 2.5 ml
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), Streptococcus thermophilus

Other Ingredients: Purified Water, Certified Organic Alcohol

Recommended Use. Take 1/2 teaspoon mixed in 4 oz of water daily.

B2-ND™

High Potency, Live-Source Vitamin B2

- A rich, live-source of vitamin B2 with probiotic-generated, end-chain, water-soluble forms of B2 to meet all the body's needs*
- Vitamin B2 promotes growth, carbohydrate digestion, mental well being and the synthesis of glutathione peroxidase.*

B2-ND™ – Ingredients

A Quantaceutical™ Dietary Supplement
2 fl oz/bottle; Servings per container: about 48

1/4 teaspoon contains:

Riboflavin (Vitamin B2) 98 mg
[as Riboflavin Mononucleotide (FMN; 20mg), Riboflavin Dinucleotide (FAD; 36mg), Riboflavin 5-Phosphate (42mg)]

Proprietary Blend 1.2 ml
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), Streptococcus thermophilus

Other Ingredients: Purified Water, Certified Organic Alcohol

Recommended Use. Take 1/4 teaspoon mixed in 4 oz of water daily.

B6-ND™

High Potency, Live-Source Vitamin B6

- A rich, live-source of vitamin B6 in the preferred probiotic-generated, end-chain, water and fat soluble forms of B6 to meet all the body's needs.*
- B6 is essential for many phases of amino acid metabolism, bile acids, unsaturated fatty acids and hormones.*

B6-ND™ – Ingredients

A Quantaceutical™ Dietary Supplement
2 fl oz/bottle; Servings per container: about 48

1/4 teaspoon contains:

Vitamin B6 10 mg
as [Pyridoxal-5'-Phosphate (4mg), Pyridoxal (3mg), Pyridoxamine (2mg), Pyridoxine (.6mg), Pyridoxal-3',5'-diphosphate (.3mg), Pyridoxal-3'-phosphate (.2mg)]

Proprietary Blend 1.2 ml
Bifidobacterium Species (*breve* ss. *breve*, *infantis* ss. *infantis*, *longum*), Enterococcus Species (*faecalis* TH10), Lactobacillus Species (*brevis*, *acidophilus*, *bulgaricus*, *casei* ss. *casei*, *fermentum*, *helveticus* ss. *jagurti*, *plantarum*), Streptococcus thermophilus

Other Ingredients: Purified Water, Certified Organic Alcohol

Recommended Use. Take 1/4 teaspoon mixed in 4 oz of water daily.

What is a “probiotic-generated” formula?

A “probiotic-generated” preparation contains a premier quality nutritional formula that has been micro-digested into tiny, highly bio-available particles using a proprietary fermentation process with unique multi-strain probiotic colonies.

This allows rapid, unmatched cellular delivery of our multi-nutritional formula, unlike any other product. Many people say they feel the effect *the very first time* they take it.

Probiotic-generated preparations really demonstrate the power of the old saying: “it’s not what you take, but what you absorb that makes the difference.”

Why use certified organic alcohol?

Certified organic alcohol is nature’s perfect preservative. Its properties function as a perfect transporter of our super-nutrient formula into the blood to deliver almost immediate uptake, unparalleled by ordinary means.

Only the Best. We use only certified organic alcohol (*pesticides and heavy metals not detected*) in our probiotic-generated products. (We recommend avoiding tinctures made with conventional alcohol because typically they may contain undesirable pesticides or heavy metal residues.)

Want to avoid alcohol? In a typical dose (1/2 teaspoon) of a probiotic-generated liquid, you receive about 1/90 of an ounce of alcohol. For those who want to avoid alcohol but still get the full benefits of the preparation, simply place a dose of the preparation (usually 1/2 teaspoon) in a cup and add 1/2 cup of very hot water. Wait for 5 or 10 minutes for the alcohol to gas off. (Alcohol boils at 172° F [or 78.5° C] and will gas off at temperatures below boiling.)

Quantum-State Nutrients Without the Risk

- No magnesium stearate, *an undesirable oil that can suppress the immune system*
- No animal glandulars with *toxic tag-alongs and unwanted animal hormones*
- No tablets with *toxic tag-along binders and fillers*
- No excipients - *Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products*

*These statements have not been evaluated by the food and drug administration. These products are not intended to diagnose, treat, cure or prevent any disease.
